

Extreme 360 View Blind

Lightweight, economical and versatility define the Extreme Series 360 View Blind. The UV resistant plastic blind is outfitted with our real glass horizontal sliding deer blind windows to keep the weather out and conceal scent. Door options include side entry or bottom entry door. The Extreme 360 View blind can be setup in minutes in the field and be ready to hunt. When you compare the Extreme 360 View Series to the other more costly blinds on the market remember that we have no wood in the construction, real glass deer blind windows, heavy duty steel tower and a 360 degree view of the surroundings.

Standard Features

- Durable UV plastic construction in Pro Staff black, OD green or desert sand
- Bottom entry or side entry door models available
- 360 degree view with six windows
- No Wood or Fiberglass in construction

• No Wood - No Rotting. Blind is constructed of 100% durable UV plastic construction •

Features and Options

At Southern Deer Stands, our products are designed for quality and function year over year. From a quality standpoint, there is no wood or fiberglass in the construction of our blinds. Our Extreme 360 View Series can be picked up, delivered or shipped right to you. The side entry blind can be purchased without a tower to be used as a ground blind and the bottom entry can accept wood 4x4 posts for the tower.
